## Stark Sips: 5 Napa wineries worth your visit

In search of that special wine experience.

### Tor Kenward Family Wines (St. Helena)

Even though Tor doesn't offer a tasting room, I included his winery here simply because it's one to watch. But to those that know the valley and Cabs, that's no secret. Recently, I had the good fortune to taste Tor's '08 Cab in a flight that included some really fine To Kalon sourced vino (Realm, Carter Cellars, Provenance Vineyard). It was memorable indeed. Rich, yet balanced. Wonderful dark berries, but perfectly matched tannins. You can get a taste of his luxurious wines at a collective such as Ma(i)sonry (Yountville) where you can enjoy a flight of his Cabs for \$20. A veritable bargain for a premium Napa experience.
